

Term 4 Curriculum Overview

Year 1 2026

Pride
Respect
Learning

English

Narrative Texts

Reading and Viewing

- read, view and comprehend texts, monitoring meaning and making connections between the depiction of characters, settings and events, and to personal experiences
- identify the text structures of familiar narrative and informative texts, and their language features and visual features

Writing and Creating

- create short written and/or multimodal texts including recounts of stories with events and characters
- report information and experiences, and express opinions
- ideas in their texts may be informative or imaginative and include a small number of details from learnt topics, topics of interest or texts
- write simple sentences with sentence boundary punctuation and capital letters for proper nouns
- use topic-specific vocabulary

Mathematics

Number and Algebra

- connect number names, numerals and quantities, and order numbers to at least 120
- demonstrate how one- and two-digit numbers can be partitioned in different ways and that two-digit numbers can be partitioned into tens and ones
- partition collections into equal groups and skip count in twos, fives or tens to quantify collections to at least 120
- use numbers, symbols and objects to create skip counting and repeating patterns, identifying the repeating unit

HASS

Geography

- identify the location and nature of the natural, managed and constructed features of local places, the ways places change, and how they can be cared for by people
- develop questions and collect, sort and record information and data from observations and provided sources
- draw conclusions and make proposals
- share narratives and observations about people, places and the past, drawing on sources and incorporating subject-specific terms

Science

Physical Sciences

- describe how different pushes and pulls change the motion and shape of objects
- pose questions to explore observations and make predictions based on experiences
- with guidance, they compare observations with predictions and identify further questions
