

Term 4 Curriculum Overview

Year 3 2026

Pride
Respect
Learning

English

Narrative Texts

Reading and Viewing

- read, view and comprehend texts, identifying literal and inferred meaning, and how ideas are presented through characters, settings and events
- describe how similar topics and information are presented through the text structures of narrative and informative texts, and identify their language features and visual features

Writing and Creating

- create written and/or multimodal texts including stories to inform, express an opinion, adapt an idea or narrate for audiences
- use text structures to organise and link ideas for a purpose
- punctuate simple and compound sentences
- use topic-specific vocabulary

Mathematics

Number and Algebra

1 2 3

- order and represent numbers to at least 1000, apply knowledge of place value to partition, rearrange and rename two- and three-digit numbers in terms of their parts, and regroup partitioned numbers to assist in calculations
- recall and demonstrate proficiency with addition and subtraction facts within 20 and multiplication facts for twos, threes, fives and tens
- describe and continue patterns that increase and decrease additively and multiplicatively, identifying the missing elements in the pattern
- apply understanding of multiplication and division to solve practical problems

HASS

Geography

- identify that places are defined by their location at a range of scales and describe their distinguishing features
- examine the interconnections between people, places and environments, and how they change over time
- collect, sort and record information and data from observations and provided sources
- draw conclusions and make proposals
- use sources and subject-specific terms to present narratives and observations about the past, people and places at different scales

Science

Physical Sciences

- explain how contact and non-contact forces affect the motion of objects
- plan and conduct investigations to explore observed patterns and relationships
- represent and analyse their findings
- suggest explanations for their findings, using evidence
- consider the safety and sustainability implications of their proposed solutions
